Thank you to my family for all that you have done to get me here. To my mom, for doing everything in your power to support me and give me the best life imaginable, and to my sister, for teaching me the virtues of patience and forgiveness. Thank you to all of my friends for being there for me and for shaping me into the person I am today. To the OG squad, for showing me what it means to be a team, as well as how cool it is to play tennis with a fireball. To those who were there for the adventures and the stories; especially the sunny beach days at White Horse, or from Giorgio's guided tours through Italy to our aimless car rides blasting Post through Plymouth, you guys were always there to make me laugh and keep my life interesting. Lastly, to the hundreds of dollars I've spent at Panera and Moe's over the years: you will be greatly missed but never forgotten.

Thanks to everyone who has helped me get to where I am today. You know who you are. I have truly made lifelong friends at S. H. I will miss the friends and the faculty I have gotten to know here, but I will always carry the memories with me wherever I go. Memories include school events, games, beach days, and concerts. I will cherish these all forever. Mom, I am forever grateful to have you in my life. Thank you for all the sacrifices you have made for me. Viveza, thanks for helping me become independent and confident in my self. To my aunt, thanks for all you have done. To Emily F. and Christine M., thanks for your friendship since the 7th grade. Thank you for being by my side and growing up with me over the years. I will forever be grateful to you both and hope to continue our friendship for years to come. I wish I could name everyone, but to everyone else, my friends, you mean the world to me. Thanks you for all the laughs and the inside jokes.

To Savannah, Haley, and all my other friends I have met along the way, thank you for keeping me sane throughout all these years. Some say I can be lazy. Back when I “ran” cross country, I walked in the woods when the coach couldn’t see me, and talked with the Chinese kids. I learned how to count to 1,000 in Mandarin, which is way cooler than running, so I like to think that my way works out for me in the end. To my close friends, though you still make fun of me for crashing my car and twisting my hair, I’ll always cherish our memories. Speaking of the twist, I’d like to apologize to my 40 year old self for the bald spot. At prom, as I twirled my date and saw how fly the boys and I looked in our tuxes, it really put it in perspective how much we’ve all grown. I don’t think this place will ever see a class as good as ours again. Molly, though we may argue and I’m always right, thanks for being a caring sister. Mom and Dad, thanks for not being hard on parents, and encouraging me to pursue my interests. I wouldn’t be as creative, optimistic, and good looking without you. Love you guys. That’s the deal. “Everybody’s gotta quit zoinkin’.”-me

I just wanted to say thank you to my family for all of your support through this long journey at Sacred Heart. Mom, thanks for making the greatest sandwiches everyday for all those years and for always helping me with whatever I needed. Dad, thanks for helping through this long college search and for being so tough on me because it truly made me a better person. Mom and Dad thank you both for always supporting me throughout life no matter what I say or do, also thank you for pushing me to be better everyday. Although I never say it, I love you both and I couldn’t ask for better parents. To all my soccer boys thank you for all of the laughs, the dysfunctionality, and the good times at Wendy’s. Matt and Killian thanks for sticking out the 5 years with me, couldn’t have done it without you boys.

First off, I'd like to thank my parents for the time and money they put on the line for me to come to Sacred Heart these past 4 years. My mom for staying at home and taking care of a baby 24/7 and my dad for constantly working hard to put me here and where I plan to go in the future, I am very grateful for that. In about 5 years when I am stopping shots for whichever NHL team is lucky enough to get me, I will make sure to buy you guys a nice place on the beach in Florida, right next to my mansion with my supermodel wife and athletically destined son. Also, thank you to my friends for buying me food when I have no money on my lunch account and other things you guys do for me. I will be sure to hook you guys up with new whips. To my hockey coaches, Coach Coady, Coach High, and Coach Eric - Thank you for your continued guidance to get me to the next level in my career, it has been a pleasure to be coached by you guys for the past 4 years. I'll definitely get you guys some tickets down the road.

12 years. Thank you to my family, friends, and coaches for all of your support throughout the years! To my Mom, I would not be where I am or who I am today without all of the love, support, and opportunities you have given me. To my Dad, thank you for being my guardian angel and biggest role model in everything that I do. To the "lunch table", we never realized, in the moment, the great memories that were being made; we just knew that we were having fun. I will miss 'table talk' dearly! Thank you to my best friends Luke, John, Thomas, Brandon, and many others for our late night skype calls, and playing TF2 and Rust for all hours of the night. My name is William Liao. I am from China. I came to Sacred Heart High School in 2016. To me this is a completely new experience. Not only in language, but the whole cultural environment. However, I never give up to try new things. I made many American friends from Sacred Heart. My English keeps improving through communicating with them. I experienced American teaching style, which will be very helpful when I get into my college. Three years in Massachusetts make the place become my second hometown. It was the greatest experience in my life. I appreciate it! I appreciate Sacred Heart! I appreciate everyone I met there!

I would like to thank my two amazing parents for supporting me throughout my high school years. I would have never strived to be successful without your positive influence on me. I would also like to thank my Football coaches for teaching me so many valuable life lessons. I started my high school career with a disheveled lifestyle, idiosyncratic to my conglomeration of friends. Notwithstanding, football allowed me to transcend the perfunctory habits that I had exteriorized in prior years. I would also just like to recognize the astute members of my lunch congregation. Our unbending commission has attained the highest aggrandizement of gourmandizing in an extramural environment. I formally postulate that my education at Sacred Heart has refined yours truly into a strong and independent individual. To start, I'd like to give a rightful thank you to my family, my friends, and all that either admonished me for my own good or supported me through my worst of times. These people know their place in my life and they will always be significant in my past. Now I'd like to say this: Break free from the cycle. Forget all the trivial values and norms society has been nailing you to the ground with all your life and go do something for yourself. If there's one thing that I've learned from my 18 years on Earth is that the only thing you can truly secure for yourself is your own happiness, and if you spend your life worrying about every possible defeat, harm, or malady that might cross your way, you'll never know the feeling of letting go and breathing it all in for once. So go out and just live life knowing your days are numbered, but don't let that fact number your possibilities. Lastly I'd like to give a tribute to the wrecking crew of guys that fought with me through the years, I could never ask for a better squad to roll up on Mars with. Here's to a new era of journeys.

Thank you to my family and friends for being so supportive all the time. To my parents, you provided the best support system and resources that I could ask for. I would not be in the place I am today without you two. Thank you for inspiring me to be the best version of myself every day. To Weihang and Yanzi, thank you for being such incredible best friends. Distance means nothing when someone means everything. You are there whenever I needed no matter how far we are apart. To Richard, thank you for lots of laughs and the company. You are the one who I spend most of my time with and I cannot appreciate you more. To Haley and Abby, you made my senior year less stressful. Haley, I don't know what I would do without you being with me and get through these classes. Abby, you are the one who motivated me to work hard and finish all the VHS work. To Mr. Olson, you gave me confidence in my abilities in math. Thank you for encouraging me and helping me even though I don't have your class this year. To Mrs. Dick, you have an irreplaceable place in my heart. You are the one I look up to. Thank you for letting me live with you and invite me to your wonderful family. For this, I will be forever grateful. You and Henry will be my second home forever.
